We encourage you to read our updated [PRIVACY POLICY](#) and [COOKIE POLICY](#). Existential Crisis is a quest in Divinity: The Original Sin II. Digging up the corpse of Crispin, the self-proclaimed philosopher, he challenges you in the battle of minds. Can you win? Important NPCs Existential Crisis Goals Dig Up Crispin in the Grave. Get ready to answer his questions. Defeat him in a battle of minds. Existential Crisis Step-by-Step in Stonegarden, you will hear a voice calling for help (coordinating: X:625, Y:153). He begs you to dig it up. Admit it. Once you dig it out, a skeleton named Crispin appears, claiming to be a philosopher, and challenging a duel of minds. At this point, if the character is talking to him not undead, you will need to do some training to win. Otherwise, feel free to engage him in the fight immediately. He'll have three questions. The answer to any wrong question will eventually result in your character being killed instantly (he will still ask you 3 questions, but you will lose at the end). The most common way to win for non-undead characters is to read the Essence of Existence, volume one, volume two, and volume three to defeat it. Instead of collecting books for answers, Crispin's questions can be solved by the following tags: The Undead, The Joke or the Barbarian. Undead, mystics or outlaws. The undead, the scientist or Willian. Warning: Each character gets only one chance, so if you have an undead character, don't keep blindly trying. Continue the search below to find solutions, otherwise it may become impossible to complete the quest. Tip: You will need to actually read the books and take some notes, since there are no well-defined dialogue options that appear after reading them. If you have read all three books, the answers should usually become option 3 for each question, assuming that you do not have any specific tags. You can find all 3 volumes in Riker's mansion, as detailed in the picture below. Volume 1 is where Riker is in his study. Volume 2 is in the living room on the lower floor. Finally, Volume 3 can be found on the 2nd floor, in his bedroom. Note that taking books is considered a theft, and in order to get into the bedroom on the 2nd floor, you need to lock. Tips and tricks: Fane, like the undead, can answer every question properly if you can't find a book. Vine can answer questions 1 (Jester) and 2 (Mystic), but for the third question you will still need a book Essence of Existence, Volume Three. It's next to the bed in a room with a cat and a dog on the ground floor at Riker's house. See the picture above for more information. Similarly, Sebille can answer question 2 (Outlaw) and 3 (Scholar), requiring you only to read the Essence of Existence, volume one. In addition, a character with the villain tag can answer the third question as well without reading the 3rd book. 3650 XP after completing the quest. Mass Corpse Explosion Skillbook Falls From Crispin Crispin after a successful victory over him. Plenty of gold and useful scrolls from his left.
